Reference to your request to Saudi Aramco/MSSD in your letter dated December 16, 2013 to Re-evaluate your current capabilities. Your submitted documents were technically reviewed and your repair facility was found technically capable to perform the following:

- Rewinding Services up to 27000HP.

This approval is dependent upon adherence to MSSD procedures and Saudi Aramco standards and specifications for the services you provide. This information should not be construed as a commitment by Saudi Aramco MSSD to guarantee any level of services from you. However, it does provide you with the opportunity to bid for these services on a competitive basis.

Please note this letter is not to be circulated or used as a basis for conducting business with third parties external to your company.

Should you have any further questions, please don't hesitate to contact Mohammed Al-hajji on 872-0035.
